RE: VP09010240

Dear Mr. Morse:

On Wednesday the 26<sup>th</sup> of May, I conducted a Technical Site Visit for your Violence Against Women Vertical Prosecution Program (VP). It was a pleasure to meet everyone involved with the VP program.

The Site Visit confirmed that the project is efficiently administered. Moreover, the people associated with the grant are highly qualified and enthusiastic about the program. Your office submits Progress Reports and 201 claim forms to Cal EMA timely, and is responsive by e-mail and telephone calls placed regarding the various requests Cal EMA makes.

Enclosed is the original of the completed Site Visit Report for your review. Please feel free to contact me with any questions and or concerns at 916-324-9140 or at [Glibert.Samia@Calema.ca.gov](mailto:Glibert.Samia@Calema.ca.gov).

Sincerely,

GILBERT SAMIA
